Washington - Heritage Action for America has recognized Congressman John Campbell as a Member of Congress who voted for every spending cut amendment to H.R. 1, the Full Year Continuing Appropriations Act of 2011.

“With a record annual deficit of \$1.5 trillion this year alone, debt has become the single, most dangerous threat to America’s future security, prosperity, and hegemony in the world,” remarked **Campbell**. **“We need to start making significant cuts and reforms in federal spending, while generating private sector economic growth, and do so quickly, in order to avoid being forced to make 50% cuts over night due to a debt crisis brought on by insolvency.”**

“Heritage Action appreciates Congressman Campbell’s rock-solid willingness to cut spending. “said Michael A. Needham, CEO of Heritage Action for America. “His strong stance on cutting spending is exactly what America needs at this crucial time.”
